## Turning operations with:

Mazak Quickturn 18N

Bore 72mm  
Swing 440mm  
Max length 672mm

XYZ Protturn SLX 425

Bore 80mm  
Swing O/B 480mm  
Length 1250mm

## Milling operations with:

Mazak AJV25/405

Travel X = 1000mm  
Y = 508mm  
Z = 460mm

## Surface grinding with:

Jones & Shipman  
540

X = 457mm  
Y = 152mm

## 24 Years Experience in Milling and Turning Highly Experienced in Mould Steel and High Alloy Tool Steels

We also have experience in machining:

Ferrous metals

Carbon steels  
Low alloy steels  
High alloy steels  
Hard metals  
Tool Steels

Nonferrous metals

Brass  
Aluminum alloys  
Copper  
Precious metals

Stainless steels

Austenitic  
Martensitic

Heat resistant super alloys

Cast Iron

Machinable plastics

**We machine components for a wide  
range of industry sectors:**

- Aviation Industry
- Chemical industry
- Plastics Moulding Industry
- Laboratory Equipment Manufacturers
- Ground Care Equipment Industry
- Hydraulics Industry
- Railways
- Railway Preservation Societies
- Vintage Vehicle Repairers and parts suppliers (repair/new components)
